Summary-Started in 2003, Bio Diverse Farming Pvt. Ltd. is on a “Safe Food” mission. The primary farm at the Tona village in the Lauhati-Rajarhat area, which is just 20 km away from Kolkata International Airport. The farm produces organic food at affordable prices to the customers with the help of committed farmers, who are engaged in ethical and earth-friendly farming practices with expert intervention. Tona Organic Farm is one of the top 28 internationally acclaimed innovative organizations. Students were taken here to develop an idea about organic farming industry and also to spread awareness about sustainable agriculture and organic products.
