Workshop organized
By
Department of English

THEATRE- AN ODYSSEY (WORKSHOP CUM LECTURES)

SPEAKERS: RATAN KUMAR DAS & SUSHANTA DUTTA (NANDIKAR)

Date: 10.05.2023

The Department of English, Harimohan Ghose College organised a workshop cum lecture on Theatre-An Odyssey on 10th May, 2023 to introduce students to the various aspects of literary adaptations and theatre production.

Objectives:

To familiarize students with the different elements of theatre production, including stage design, lighting, sound, and costume.

To educate students about the various roles and responsibilities in a theatre production

To enrich students with an understanding of the historical and cultural context of theatre

Outcomes of the Workshop cum Lecture on Theatre:

The workshop cum lecture on Theatre-An Odyssey provided an overview of the origins and evolution of theatre, including its influence on society and culture. It encompassed a discussion of the importance of stage design, including set construction, props, and creating a visual narrative. The workshop explored various technical aspects of theatre, focusing on lighting techniques, sound design, and the role of technology in enhancing performances. A session was conducted on the fundamentals of acting, including character development, voice modulation, and physicality on stage.

Students appreciated the opportunity to learn about the various components of theatre production in a comprehensive manner. They found the sessions engaging and informative. Participants particularly enjoyed the practical demonstrations.

Departmental Seminar by Department of Political Science

The Department of Political Science arranged a Departmental Seminar on "Women Empowerment: Issues & challenges on" 28th February 2023 at 12th pm in the Smart class room. This Seminar was organized in Order to enlighten the students on Gender equality. The program was convened by departmental head, Shehnaz Shalahuddin. The principal, Dr. Prabir Biswas and other senior faculty members of the college gave enriching lectures on the issue of women empowerment. The students participated in large numbers and presented papers and also presented posters on the topic. They were also awarded certification of participation.

Departmental Seminar by Department of Botany

Students' seminar organized by the Department of Botany (2022-2023)

Departmental seminar No. 1

Theme: Phytochemistry and Medicinal Plant Biology

Date: 1st December, 2022

Time: 1.00 p.m

Venue: Smart Classroom

Sl. No.	Speakers	Topics
1.	Ms. Qunoot Ali (B.Sc Gen, Sem V)	Pharmacologically active constituents
2.	Ms. Naheed Zakya Takshis (B.Sc Gen, Sem V)	Pharmacological importance of phenolics
3.	Ms. Tanusri Manna (B.Sc Gen, Sem V)	Role of terpenes in plant defense and their pharmacological importance

Mentor: Dr. Anrini Majumder, Asst. Prof., Dept. of Botany

Outline of the topics: the universal role of plants in the treatment of diseases is exemplified by their employment in all the major systems of medicine (Western medicine, Unani, Ayurvedic, Siddha as well as the Oriental systems). Plants have been prolific sources of several pharmaceutically important chemicals and have been used as medicines by mankind to treat ailments since time immemorial. A major proportion of the prescribed drugs contain at least one active ingredient of plant origin.

Plant secondary metabolites (viz. alkaloids, phenolics, flavonoids, terpenoids etc.) are compounds with restricted occurrence in taxonomic groups which are not directly involved in the normal growth, development or reproduction of a plant, but a play role in the interaction of the plant with its surrounding environment. Apart from being used as perfumes, flavoring agents, dyes, insecticides – these compounds are important sources of several medicines.

Departmental Seminar by Department of Botany

Students' seminar organized by the Department of Botany (2022-2023)

Departmental seminar No. 2

Theme: Ethnobotany and folk medicines

Date: 22nd December, 2022

Time: 1.00 p.m

Venue: Smart Classroom

Sl No	Speakers	Topics
1.	Ms. Ramsha Siddiquee (B.Sc Gen, Sem V)	Ethnobotany and its relevance in today's life
2.	Ms. Kaynat Tauhid (B.Sc Gen, Sem V)	Folk medicines in India

Mentor: Ms. Atreyee Banerjee, SACT II, Dept. of Chemistry

Outline of the topics: the word 'Ethnobotany' is based on two Greek words: ethnos (race, people, culture group) and *botanikos* (of herbs) can mean the plant lore of a race or people as well as study of that lore. Precisely, **Ethnobotany** is the systematic study of the botanical knowledge of the rural social groups and its use of locally available plants as foods, medicines, and clothing or for religious rituals. Plants have been used as folk medicines since time memorial. Necessity for new drugs with a botanical origin and for new food crops has classify been based on ethnobotanical information. Ethnobotanically directed bioprospecting has become more powerful than random assays finding and identifying bioactive compounds from plants.

In this seminar, the students discussed about the different aspects of Ethnobotany in day-to-day life of the rural and tribal people and about the folk medicines used in various parts of India.

Departmental Seminar by

Department of History

Date: 12th May, 2023**VENUE:** -SMART CLASSROOM

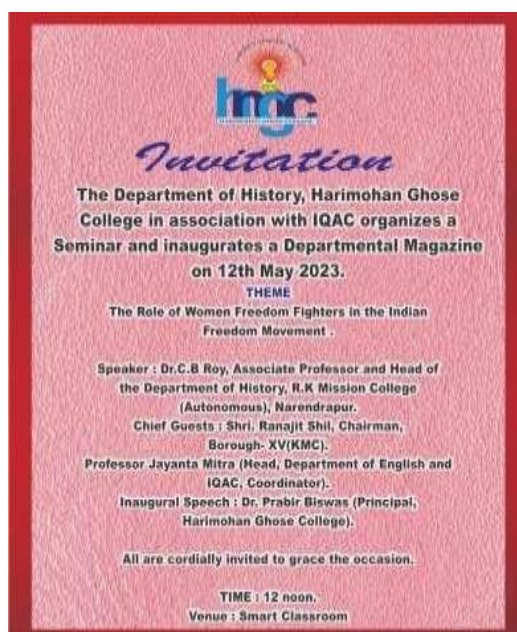

The Department of History, Harimohan Ghose College, in association with IQAC, organized a State-Level Seminar on 12th May, 2023 on 'The Role of Women Freedom Fighters in the Indian Freedom Movement.' The seminar was divided into two sections: -

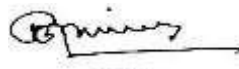

In the first half of the day, students presented their research papers on the Women Freedom Fighters.

In the next half, Dr. C. B. Roy (Associate Professor, Department of History, R. K. Mission Autonomous College), who was an invited guest, presented his paper on the topic.

The students set the stage for some fiery discussions as they presented their historical understanding of women freedom fighters during the National Movement. Starting up from Matangini Hazra to Pritilata Wadedar, Begum Hazrat Mahal etc the day witnessed & remembered their fights as women, wife, daughter etc. The stage was taken over by Dr. Roy as he put these women revolutionaries under the rubric of the Gandhian Movement and brought to the forefront the importance and relevance of these brave women in history.

Objective of the Seminar:

The objective of the Seminar is to enrich Knowledge of the students of Dept of Urdu about Film & Indian Cinema and try to provide a clear Picture of the Indian movies and its effects on society. Films are the mirror of life and society; it covers the issues and problems which are happened in daily life. Bad and good things are running side by side. The Department asked the Speakers to point over all that things which are indulged in our society.

Outcome of the Seminar

In Context of the topic, the lecture of the Speakers was very fruitful. The Speakers and the students both were very enthusiastic. The students gained too much knowledge. They acquired Knowledge about Film and its impact on society. The new generation participants have agreed and bound to think which are happened.

Departmental Seminar by Department of Mathematics

Date: June 05, 2023

The Department of Mathematics organized a student seminar of 6th semester students on June 05, 2023. The program started with Md Reyaan Khan by delivering his speech on "Integration" from the subject Numerical Analysis. More specifically, he mentioned that numerical methods mean certain special type of algebraic methods which give approximate solution to the scientific, engineering and mathematical operation on numbers. Also, he highlighted that they involve a large number of arithmetic calculations and need fast and efficient computing devices like, calculators, computers and microelectronic machines in their applications. The main objective of his talk was to describe about some of the integration rules such as Trapezoidal Rule, Simpson's 1/3 Rule, Simpson's 3/8 Rule, Weddle's Rule.

At last, but not the least, Aashna Parveen shared her views on the topic "Role of Mathematics in Modern Technology". She described that Mathematics is an area of knowledge that includes the topics of numbers, formulas and related structures, shapes and the spaces in which they are contained, and quantities and their changes. Also, she specified that these topics are represented in modern mathematics with the major sub-disciplines of Number Theory, Algebra, Geometry, Analysis etc. Mathematics is the core foundation for all technologies. In the talk, she focused on the role of mathematics in various fields such as Chemistry, Biology, Civil Engineering, Computer Science etc.

Departmental Seminar by Department of Botany

Students' seminar organized by the Department of Botany (2022-2023)

Theme: Economically important plants Plant physiology

Date: 22nd December, 2022

Time: 1.00 p.m

Venue: Smart Classroom

Speaker List:

Sl No.	Speakers	Topics
1.	Ms. Rima Khatoon (B.Sc Gen, Sem VI)	Cultivation of rice
2.	Ms. Amina Firdaus (B.Sc Gen, Sem VI)	Cultivation of tea
3.	Ms. Kulsum Khatoon (B.Sc Hons, Sem IV)	Photoperiodism and the flowering response
4	Mr. Shubham Roy (B.Sc Hons, Sem IV)	Transpiration: a necessary evil

Menntors: Dr. Anrini Majumder, Asst. Prof., and Atreyee Banerjee, SACT I, Dept. of Botany

Outline of the topics: plant life is essential for the survival of all animals on earth, including human beings. Plants, directly or indirectly, provide food to the animal world. Human beings have been dependent on plants not only for food, fodder and fuel, but also for medicines, fibres, chemical products and other essential commodities. Economic Botany, in simple words, is the interaction of people with plants. It also focuses on the processes as well as the products involved in plant cultivation and gives information about the plant origin in terms of their primary centers. In the third seminar organized by the Department, the participating students gave emphasis on the cultivation techniques of two main cash crops – Rice and Tea. Different cultivation practices along with their problems were discussed by the students.

It tells us how the constituent cells of the plant body perform organ-specific functions. It also tells us how plants respond to the changing environments and control their water retention capacities., flowering responses, senescence patterns etc. in the seminar, students explained about the process of flowering in response to the duration of daylight and also gave a brief account of transpiration, the process of loss of water from the plant body in the form of vapour.

Subject:

Dr. is currently a Professor in the Department of Commerce at Harimohan Ghose College under the University of Calcutta, Kolkata. He has an M.A. in Commerce and Ph.D. in Commerce from the University of Calcutta. He has a teaching experience spanning over a decade and research experience of over 10 years. His academic and research interest include Corporate Governance, Company Management Practices, Corporate Social Responsibility, Financial Reporting, etc. He has published numerous papers in a number of journals and international or national and international level. A large number of his articles and research papers have been published in national and international journals. He has a long record of letters, seminars, conferences and other public speaking engagements. He is a life member of Indian Accounting Association and also holds membership Executive Research Foundation.

Learning Outcomes:
• Students are able to better regarding the provisions of applying the law.
• Students can identify their double reporting group when for getting job opportunities.
• Students are able to describe their career according to their choice.

Film Show by

Department of Political Science

Movies that students enjoy can assist them in forming their long-term memory, maintaining focus as well as developing their problem solving and critical thinking skills. These are all key attributes for achieving academic success. The Department of Political Science organized a film show on Dr.B.R.Ambedkar the father of the Indian Constitution on 25th May2022 at 12:30p.m in the smart classroom.

The FILM SHOW was organized in order to enlighten the students on the life and history of the father of the Indian Constitution. Before showing the film, a lecture was delivered by IQAC Coordinator, Prof Jayanta Mitra and Dr. Runa Chattopadhyay, Secretary Teachers' Council.

They talked about the struggle and the life of Dr. B. R. Ambedkar against all sorts of injustices. The students greatly enjoyed the film show.

Quiz Contest by Department of Political Science

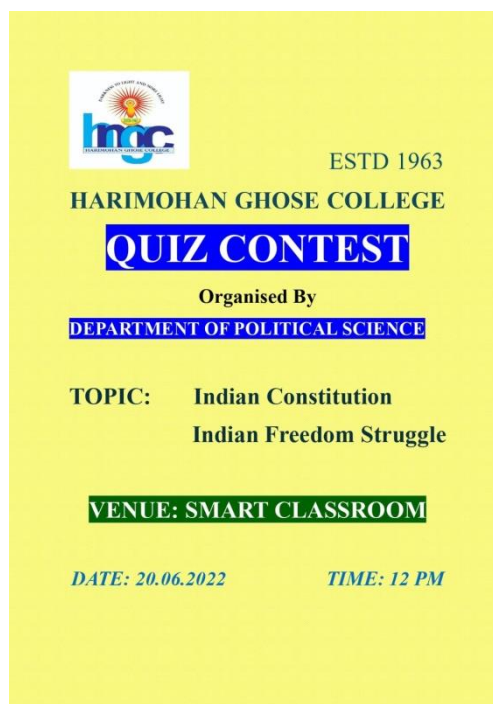

Quiz Competition is an effective tool for enhancing students' critical thinking skill. By participating in a Quiz Contest, students can develop their analytical, creative, problem- solving, communication & confidence building skills. So the department of Political Science arranged an open Quiz Contest on "Indian Constitution and Indian Freedom Struggle" on 15th June 2022 from 12pm onwards in the Smart Classroom.

The Quiz Contest was organized in order to:

- Make the students aware about the Constitution of India and its basic principles;
- To enlighten the students about the sacrifices made by the freedom fighter

All the faculty members of the College and students participated in the Quiz Contest with great enthusiasm. The students were also enlightened and enriched on Indian Constitution and Freedom Struggle of India.

Seminar by Department of Education

One Day National Level Webinar on "National Education Policy 2020: Implementation and Integration of ICT in Higher Education"

Date: 26.09.2020

Time: 2:00pm - 4:00pm

Objective:

1. To disseminate the NEP 2020 among faculty members and students of higher education.
2. To recommend measures of capacity building for the Teachers and Students of higher education.

Resource Person:

1. Professor Md Kutubuddin Halder, Head, Department of Education, University of Kolkata
2. Professor Ramakanta Mohalik, Department of Education, RIE, Bhubaneswar.

The Department of Education, organised a webinar during the covid pandemic on the title "National Education Policy 2020: Implementation and Integration of ICT in Higher Education". The main objective of the webinar was to highlight the implementation of use of technology in the higher education level and the reformation of technology as well as the prospective challenges and problems in the coming years.

Key points discussed:

The seminar was inaugurated by Prof. Prabir Biswas. His inaugural address shed the light on the opportunities the National Education Policy (2020) can create for the future of our educational system and the young learners of the nation.

There were two technical sessions.

The first session was followed by Professor Md Kutubuddin Halder and he delivered his lecture on the "Integration of Technology in the teaching-learning process." He discussed the scope of technology in education in general and then moved on to focus on the need and importance of implementing technology in higher education keeping in mind the present Covid-19 situation.

Date

The second session was presented by Professor Ramakanta Mohalik. He presented his views on the "Ensuring Equitable Use of Technology in Higher Education under NEP 2020." The resource person started his lecture by mentioning the differences of NEP 2020 and NEP 1986. He further added the importance of technology and how it can be used in the classrooms to engage students and make learning effective. He also mentioned a number of online portals like INFLIBNET, SWAYAM etc and also.

Total number of participants: 86 (including teaching faculty, Principals and research scholars ifrom colleges and Universities.)

Participants from other states: 48

Outcome of the Seminar:

1. The participants got well acquainted about the scope and the importance of technology in Higher Education.
2. The participants were acquainted with different technological initiatives that were available for the students, teachers in the education field.
3. The resource persons comprehended the doubts and questions of the participants.

Dear Sir,

With reference to the subject mentioned in the subject line of the letter dated 15.02.2019.

Financial literacy is one of the key pillars for good business for you a global citizen. Harvard & MIT's Financial Literacy (FL) (FL) is one of the world's leading and only FL organization that has conducted over the last financial literacy.

Financial literacy is a powerful theme from 2018 which is a part of our global strategy. We are looking for a partner who is interested in your students. This partner will be helpful for the students who are looking for a partner who is interested in your students.

According to our discussion we will be conducting the seminar on Financial Literacy on 18.02.2019 (Monday) at your premises and we will be expecting about 50 students from the seminar program for the same.

Please reply to this mail with confirmation and a copy to the same.

Looking forward to your cooperation.

Thanks & Regards

Tapan Choudhury
Marketing Executive
